Mario Bašić.

[Full Stack Developer] MSc, Information Technology Management

Full stack PHP/JavaScript developer from Croatia, specialized in building web & mobile applications. Author of the book: "A Collection of Laravel Tutorials", creator of open-source projects, and a father.

Address Murter, Croatia   **Email** mario@laravelista.hr   **Phone** 00385 22 435450

Expertise

Laravel
Still running my first Laravel 3 application in production environment.

PHP
My main programming language.

JavaScript
The language gets better with years.

React.js
My preferred JavaScript UI library.

React-native
Web developers building native mobile apps with web technologies.

Vue.js
If you know React.js you know Vue.js.

Go
Small, simple, easy, powerful

Elixir
Dynamic, functional language for building scalable and maintainable applications

Phel
Lisp inspired functional programming language that compiles to PHP

ReScript
The JavaScript-like language you've been waiting for
